

# Vocabulary for journalism writing

**What to do:**  
Find a word that you would like to replace.  
(You will know this because the word will be repeated or is dull)

**Think about the meaning of the word and think about other words that mean the same thing.**

**Replace that word for the boring or repeated word and see if it makes sense. ( If it makes sense, you have your word)**

## A good example:

~~Bad~~

# Horrible, nasty, poor, inferior

## A bad example:

**You leave the same word  
and do not change it at all. It h  
has been repeated.**
